

# Compliance – Progress Report (Q3 FY 2008)

## Collective action against corruption

June 2008: To help companies fight back against the insidious impact of corruption, a practical guide and a comprehensive web portal were launched. The portal outlines proven methods of fighting marketplace corruption through the collective action of businesses and other stakeholders. The initiative comprises NGOs and MNCs incl. UN Global Compact, Transparency International, Global Advice Network, CIPE, Grant Thornton and Siemens.
